“The Restoration Industry Loses a Legend

Martin L. King, CR, ASA, passed away on May 7th following treatment for an aggressive illness; he was 83 years old. He will forever be remembered for his numerous contributions to the restoration industry, his devotion to his family, his efforts to turn a fledgling industry into a recognized profession, his incredible knowledge, and his creation of the industry’s Certified Restorer certification.

His wit and penchant for understating the obvious were hallmarks of his many classes and we will be forever grateful that he shared those and so much more with so many of us. Farewell dear friend, colleague and mentor.”

Patricia Harmon the former Editor of Cleaning and Restoration Magazine for RIA, formerly ASCR, for which Marty wrote over a hundred articles.

Funeral services were private and the family has requested that they not be contacted at this point in time because of the many arrangements that must be made.
